(For Singapore venues)  
Terms & Conditions Apply

## BUNKER FUEL BLENDING

**18-19 October 2010, Singapore & 15-16 November 2010, Rotterdam**

A two-day course designed to provide a comprehensive overview and discussion of marine bunker blending techniques, technology, and cost/benefits. It addresses contemporary issues such as the latest ISO marine bunker specifications, reductions in NOx and Particulate Matter, the use of Bio-Diesel, and alternative technologies. Visit [www.cconnection.org/BunkerFuelHome.htm](http://www.cconnection.org/BunkerFuelHome.htm) for further details. **Apply for a 30% MCF course subsidy for the Singapore venue – applicable to Singapore companies.**

## CRUDE TO BUNKERS

**25-26 October 2010, Singapore**

A one-and-a-half day course providing an overview of the value chain of bunker from its origins in the oilfields to the bunker fuel market. It covers the oil refiners' economic drivers for bunker manufacturing and new Marpol regulations, and how these impact the bunker fuel market. Visit [www.cconnection.org/CBHome.htm](http://www.cconnection.org/CBHome.htm) for further details. **Apply for a 30% MCF course subsidy - applicable to Singapore companies.**

## BUNKERING DISPUTES

**18-19 November 2010, Singapore**

A two-day course designed to help you learn and understand the technical and contractual basis of fuel quality, quantity & specifications; how to avoid bunkering problems, disputes and claims; and through hands-on problem-solving case studies, formulate strategies to resolve disputes or defend a claim. Visit [www.cconnection.org/BunkeringDisputesHome.htm](http://www.cconnection.org/BunkeringDisputesHome.htm) for further details. **Apply for a 30% MCF course subsidy - applicable to Singapore companies.**

## FUJAIRAH BUNKERING & FUEL OIL FORUM

**22-24 March 2011, Fujairah, UAE**

A two-day Forum with an international attendance from over 45 countries covering diversified sectors of the bunkering industry. Attend the Forum to discuss leading developments in the bunker market and meet leading oil & bunker producers/traders, shipowners/operators, managers, brokers, oil majors, national oil companies, refineries, bankers, classification societies, maritime lawyers and consultants. Visit [www.cconnection.org/FUJCONHome.htm](http://www.cconnection.org/FUJCONHome.htm) for further details.
